

**Spectacular pair of oxidized bronze and glass table lamps by Sabino, France 1945**

Marius-Ernest SABINO ( 1878 - 1961 )

Spectacular pair of oxidized bronze and glass table lamps. Probably one of the most beautiful High-end model by Sabino.

Each glass waive has an amazing yellowish reflect with bubble inclusions. These beautiful marks are due to the reaction in the oven when the glass has been heated on the metal mold.

Each square glass plate has a frosted carved decor.

Original orange lined paper lampshades.

Original wiring, original Bayonet sockets, 110v socket light bulbs, but for security the interruptor will be changed with brand new US brass ones.
