

Maxime OLD (1910 - 1991)

An exceptional one-of-a-kind Bronze Chandelier with 8 candle base sockets, and 8 arms diffusing lights through the original lampshades. Two tones of brass and patinated bronze lightly oxidized, makes this chandelier a perfect combination of colors with the same material. France Circa, 1946

This chandelier fixture comes with a pair of matching sconces from the same model.

Literature: Maxime Old, Norma Editions, 2000, P.109

We thank Olivier Old, the son of Maxime Old, to have kindly confirmed the authenticity of the chandelier and sconces.

After archival research, Olivier Old confirmed that, so far, only one chandelier is located among the artist's production, and it's ours. This chandelier, likely came by way of a special order from a client to Maxime Old.

Newly fully rewired for use in the US.
